# SMART BED

A unique continental bed with large storage in the lower part is a handmade bed with practical storage in the bottom. A smart choice for you who live in a crowded place but do not want to compromise on sleeping comfort.

This quality bed is built in three layers.

**LOWER PART:** 25 cm high which is storage with a lid that stands on 15 cm brushed aluminum legs.

Box opening with gas springs that make it easy to open and close the door for storage. the lower part comes separately and does not fit together between the mattress. This makes it easier to transport and carry. It also makes it easier to choose the hardness and turn the mattress.

**THE INTERMEDIATE MATTRESS** is 21 cm high built with 7 zone pocket springs and cold foam around the springs. The zones do is that shoulders and hips get better compliance and reach maximum sleeping comfort.

**TOP MATTRESS:** 9 cm high with comfortable foam and microfiber around the entire bed mattress for a more compliant feeling.

**LEGS:** 15 cm brushed aluminum.

**HEADBOARD:** button gable 135 cm high and 12 cm deep. Comes with the same legs as the bed.

If you want to buy a double bed, it is also possible to combine the hardnesses. It can be good to do if two people who prefer different hardnesses should sleep in the same bed. We have the option Medium / Fast in sizes 160 and 180.
